# Teacher Application for Code.org's Computer Science Principles (CSP) Professional Learning Program

Pick your district

Will you be teaching CS Principles during the 16-17 school year?

Yes   No

Please review the CS Principles Professional Learning Program before answering the following question.

Are you committed to participating in the entire CSP Professional Learning Program?

Yes   No

In order to participate you must be from a partner district, teaching CS principles in the 16-17 school year, and committed to fully participating in Code.org's CSP Professional Learning Program.

If you are able to make those commitments, go back and change your answers.

School Information

School Name

Please look up your school's NCES code at: https://nces.ed.gov/ccd/schoolsearch/. You do not need to fill out all of the fields in the search, simply putting in your zip code will give all the schools in that area.

Once you get to your results, find the NCES School ID (see picture below).

School NCES Number

_____

Principal Name

_____   _____
First Name   Last Name

Principal Email

_____

Teacher Information

Full Name

_____   _____
First Name   Last Name

Your School Email Address

_____

Grades you are teaching this school year (select all that apply).

Elementary (K-5)
